RESPONSE TO JUNE 5, 2002 OFFICE ACTION

Assistant Commissioner of Patents
Washington, D.C. 20231

Sir:

In response to the Office Action mailed in June 5, 2002, Applicants respectfully request the Examiner to enter this reply.

In the Specification:

The specification has been amended as follows:

On page 27, lines 20-24:

In summary, the flexible printed circuit board 102 supports the main electrical components and elements of the optical module, such as the optoelectronic devices 106, driver or amplifier chip 108 and first ferrule 112, as well as providing bending freedom and stress relief to the optical module 100. The flexible printed circuit board 102 is attached to, and partially enclosed by, a housing, which is described below.

On page 35, lines 23-27:
